

Joint Statement: National Council for Exercise & Fitness (NCEF) and Institute of Leisure & Amenities Management (ILAM)

"It is acknowledged that a number of registers (of Exercise & Health Fitness Professionals) have been operating in Ireland for many years and it is now desirable that all stakeholders

reach agreement on a register which has full National, European and International acceptance and recognition. Initial discussions are underway between the National Council for Exercise & Fitness (NCEF) and ILAM/REPS Ireland to examine the most mutually beneficial way forward for possible assimilation of NCEF NNR and REPS Ireland as the single, fully independent national register for Ireland".
